KNOW BEFORE YOU GO

- Bring your own snorkel gear if possible — rental quality varies by ship and Pinnacle Rock is too good to miss.
- Sun protection is non-negotiable. Bartolome's volcanic rock offers zero shade. Hat, reef-safe sunscreen, and UV shirt are essential.
- Water on the beach is prohibited — there are no refreshment facilities on the island. Eat and drink well before going ashore.
- Keep 2m distance from all wildlife — Galapagos National Park rules are strictly enforced. Your guide will remind you, but the rule applies to penguins too.
- Summit light is best mid-morning. The panorama faces west over Pinnacle Rock — ideal before noon when haze builds.
