

Buenos Aires, Argentina

The Paris of South America — grand boulevards and faded grandeur, the birthplace of tango, Evita's marble tomb, and the best steak on the continent. A city that runs on passion.

KNOW BEFORE YOU GO

- Bring clean USD cash. Argentina's 'blue' dollar rate far beats the official one — crisp US bills stretch remarkably far. Ask your ship about current money guidance.
- Eat the steak. A parrilla asado with a glass of Malbec is non-negotiable — Buenos Aires has some of the best beef on Earth.
- See tango where it lives. San Telmo's street dancers and milongas are more authentic (and cheaper) than the big dinner shows — though both are memorable.
- Use radio taxis or apps. The port isn't walkable to the center; booked remises or app rides are safer and clearer on price than flagging cabs.
- La Boca: stick to the tourist streets. The Caminito is vivid and safe by day, but the surrounding neighborhood is rough — don't wander off the marked area.
