Quy Nhon (pronounced 'Kwee Nyon') is the authentic coastal Vietnam most travelers never find — ancient Champa Hindu towers, pristine white-sand beaches, and some of the country's best seafood, all without the tourist crowds of Da Nang or Nha Trang.

KNOW BEFORE YOU GO

- Cash is essential. Street food, market stalls, temple entry, and taxis all prefer VND cash. ATMs are available just outside the port gate. Credit cards work at larger restaurants...
- Download Grab before you arrive. It's Southeast Asia's Uber and by far the easiest way to get honest prices. Type your destination — no language barrier needed.
- Don't walk the port terminal. The free shuttle to the port gate is mandatory — this is an active commercial cargo port and pedestrian access is restricted for safety.
